SMC-PAD Sequencer Full-Panel Overlay — 1:1 scale (222.0 × 142.0 mm panel inside 227 × 147 mm body)

Silhouette Cameo 5: cut red paths (`#ff0000`)

100 mm: check with a ruler

Silhouette Cameo 5 workflow: Open `smcpad_seq_cameo.svg` (Designer) or `smcpad_seq_cameo_cut.dxf` (Basic) at **100 % / mm units**, or use this page/SVG for **Print & Cut** on printable vinyl / sticker sheet. Uncheck *Cut lines* before printing if you only want the blade to follow the SVG/DXF paths without visible red outlines.
